AKASH MORE

React Native Developer • Full Stack (React + Node.js + Firebase)

+91-8668498317 | more.akash0797@gmail.com | github.com/Akashm1494 | akashm1494.github.io | linkedin.com/in/code-with-akash

PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of experience building production-ready React Native mobile applications and React.js web applications. Skilled in React Native, React.js, Node.js, Firebase, REST APIs, Socket.io, and modern frontend development. Contributed to production mobile and web applications, including M2M Ferries (100K+ downloads), with a strong focus on performance, reusable components, and user experience.

TECHNICAL SKILLS

Mobile: React Native, Expo, FCM (Push Notifications), Firebase (Realtime, Firestore), Socket.io, React Navigation, App Store & Play Store Deployment

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, Redux, Tailwind CSS, SCSS, GSAP, HTML5

Backend: Node.js, Express.js, REST APIs, MongoDB, MySQL

Tools: Git, GitHub, Postman, Jest, React Testing Library, CI/CD, Agile/Scrum

WORK EXPERIENCE

MySathi Pvt Ltd • Full Stack Developer (React Native + Backend) Jun 2025 – July 2026

- Led the development of the MySathi React Native application from scratch by building reusable UI components, application architecture, and core mobile features.
- Implemented real-time communication using Socket.io, Firebase services, FCM push notifications, app permissions, and managed Play Store & App Store releases.
- Developed responsive React.js dashboards with dynamic forms, reusable components, and performance optimizations using lazy loading and component memoization.
- Integrated Firebase services and REST APIs while implementing authentication, permissions, and application service modules for mobile and web applications.

Mayra Digital Technologies • Full Stack Developer Aug 2023 – Jun 2025

- Developed React.js applications along with WordPress and Laravel-based web projects, delivering 10+ client solutions using modern frontend technologies in Agile environments.
- Developed React Native features for M2M Ferries (100K+ downloads, 3.5★ rating), implementing booking workflows, Juspay payment integration, API integration, and production-ready mobile features.
- Converted Figma and Adobe XD designs into responsive React.js and React Native applications by building reusable UI components and maintaining pixel-perfect implementations.
- Developed responsive business websites for the EET platform by converting Figma designs into HTML, SCSS, JavaScript, and jQuery, with WordPress integration for content management.

PROJECTS

MySathi App (React Native, Firebase, FCM, Socket.io) — Live on Google Play Store; real-time booking with push notifications — www.mysathi.in

M2M Ferries (React Native, React.js, Node.js, REST APIs) — 100K+ downloads, 3.5★ rating (201 reviews), cross-platform — m2mferries.com

EET Platform (React.js, Next.js, Tailwind CSS) — Multi-site responsive SaaS platform — eetfuels.com

EDUCATION

Full Stack Web Development • Masai School (1,200+ hrs) **2022 – 2023**

Bachelor of Arts • YCMOU, Pune **2018 – 2021**
